

been completed you will be returned to the Main Screen of Windows. (The Desktop) Proceed to the next step.

#### 4. Register the software.

If you received a registration disk with your software package, install the registration disk using the following steps:

1. Insert the disk into your Disk Drive.
2. Click on the "START" button to display task bar.
3. Click on "RUN".
4. Type in: a:\setup where a: is the letter of your Disk Drive
5. Follow directions given on the screen to complete the install.

Or, register your program Via the Internet using the following steps:

1. Select "Register" from the Auto Repair Boss main menu.
  2. Select "Register Via the Internet".
  3. Press the "Register Program" Button. Fill in the needed fields with information from the Registration Information paper.
  4. Press the Ok button.
- The program will return the message "Registration Information Retrieved Successfully" if everything went ok.

Or, register your program manually using the following steps:

1. Start Auto Repair Boss program by either clicking on the icon from the desktop or by selecting it from Programs.
2. From the AUTO REPAIR BOSS Main Menu select "Register" located at the top of the screen.
3. Included with the manual is a Registration Information paper. Type in all your information exactly (this includes spaces) as it appears on the Registration Information paper. After you have typed in your information press the Validate button. Change any information that has not been typed in correctly. If information is typed in incorrectly, you will not be allowed to access the program. Call Tech Support if you need help at 972-234-0375.
